stake pockets & rub rails*

Our *Crane Workhorse* bed is built to carry the load. The *Crane Workhorse* design includes structural channel cross members, tubular long sills and 3/16" TP. steel floor plate to make this one tough commercial truck body. Our long sill reinforced bulkhead is the toughest in the industry. Recessed lights and a quality wire harness add even more value to your investment. Most of the standard *Workhorse* options are available on the *Crane Workhorse* making this a real versatile crane body.

Standard is a PPG Powder Coat black finish to stand up to the elements. With endless options this bed can be built just the way you need it to do the job.
