

PM60 & PM60A

The *Pack-Mule's* unique design is like no other cargo basket on the market. Its one piece slotted frame design keeps the *Pack-Mule* light while giving it a strong frame and good drainage. The side rails offer many tie down locations to make securing your cargo a breeze. At 24"x 60" the *Pack-Mule* has room to spare.

The optional Light Kit (PM60-LK) offers you the ability to be sure your tail lights are visible behind you, even when your *Pack-Mule* is packed heavy and high.

The optional Lift-N-Fold (PM60-LNF) receiver bracket makes transporting your *Pack-Mule* empty very convenient by allowing it to fold up out of the way. It also offers about 4" of additional ground clearance for the off road enthusiast.

Features:

- 14ga Steel or 11ga Aluminum Frame
- Fits standard 2" receiver hitch
- 600 lb. Payload
- Powder Coat paint finish
- HD steel drawbar even on the aluminum model
- Designs: Horse, Duck, Deer, Turkey & Dog

The many uses for the *Pack-Mule*:

- Coolers & Large Storage Boxes
- Hay or Feed
- Pool Chemicals
- Vacation Baggage
- Camping Gear
- Dog Boxes for the sportsman (Off Road Use Only)
- Lawn & Garden Supplies
- Over sized items that the SUV just doesn't have the space to carry

Isn't it time you ordered your *Pack-Mule*, you just won't believe how convenient it really is to use.
